## **Disco Services Package**

We, at Premier Entertainment, can provide a huge variety of disco set-ups. The information provided on this info pack is for guidance only. Please contact us with your specific requirements.

### **ULTIMATE DISCO PACKAGE**

Our Ultimate Package is designed to give that extra impact. It consists of:

Professional goalposts stand for supporting Audio equipment and lighting

State of the art PC music presentation equipment

1200watts RMS sound system

2 x Turbosound TXD 151 full range speakers on tripods.

2 x Turbosound TXD 118 bass bins

8 x Par 56 Par Cans, 4 mounted on goalpost stand and 4 more on a separate tripod stand

2 x Lighting effects mounted on goalpost stand

4 x Scanner moving mirror lighting effects mounted on a separate tripod stand

4 x HID moving head scanners mounted on a separate tripod stand

2 x 4 foot flame effects

1 x digital projector and screen to show music videos or images from your day/organisation

12 x 300 watt uplighters positioned around the room in a choice of colours

This system is acoustically balanced, for a venue where the capacity is up to 250 people, to provide a superior quality audio at all power levels.

The use of bass bins allows the system to be suitable for larger venues.

The overall impact of this package is awesome.

Additional sound or lighting can be added, please ask for details.

## **SILVER PACKAGE**

Our Silver Package is our most popular package for venues holding up to 160 people. It consists of:

Professional goalposts stand for supporting Audio equipment and lighting

State of the art PC music presentation equipment

1200watts RMS sound system

2 x Turbosound TXD 151 full range speakers on tripods.

2 x Turbosound TXD 118 bass bins

8 x Par 56 Par Cans, 4 mounted on goalpost stand and 4 more on a separate tripod stand

4 x Scanner moving mirror lighting effects mounted on a separate tripod stand

This system is acoustically balanced, for a venue where the capacity is up to 150 people, to provide a superior quality audio at all power levels.

The use of bass bins allows the system to be suitable for larger venues.

This package provides an excellent presentation for most events.

Additional sound or lighting can be added, please ask for details.

## **BRONZE PACKAGE**

Our Bronze Package is our basic package for smallish venues and probably up to 120 people. It consists of:

Professional goalposts stand for supporting Audio equipment and lighting

State of the art PC music presentation equipment

600watts RMS sound system

2 x Turbosound TXD 151 full range speakers on tripods.

4 x Par 56 Par Cans mounted on goalpost stand

2 x Lighting effects mounted on goalpost stand

This system is a typical mobile disco set up which is fairly basic but powerful enough for a small to average venue.

Additional sound or lighting can be added, please ask for details.

## **Additional Information**

The packages listed are for guidance only and can be amended to suit your individual requirements.

Commonly used additional equipment includes:

Smoke and bubble machines (please check with venue that we can use these before booking)

Larger PA and lighting to complement existing packages or for larger venues.

Stage lighting for use when a band is performing.

Mood lighting best suited to marquees, pillars and walls.

Large mixing desks used to support larger live bands.

***We can provide any amount of equipment necessary to enhance any event at any size of venue.***

Additional fees will apply if early set up is required or where we are asked to travel long distances, we will advise on these if and when necessary.

For your safety, and peace of mind, all of our equipment is portable appliance certificate (PAT) certified and we are covered with a £10m Public Liability Insurance policy.

We currently do not charge VAT.
